

PRODUCT CATALOG

ZENAURA  
HOME

A dark, moody interior scene. The walls are made of rough, textured stone or concrete. A large, arched window in the center background looks out onto a dark night sky. A single, dark, conical pendant lamp hangs from the ceiling, casting a warm, orange glow. In the foreground, a modern, dark-colored stool with a curved, bowl-like top sits on the floor, also illuminated by the lamp's light. The overall atmosphere is mysterious and sophisticated.

" We source what they can't..  
At the price You want "

## Real Margins, No Middlemen

We source direct from factories. No distributors. No inflated pricing.

## Designs That Sell Homes

Modern, scroll-stopping finishes your buyers notice — and your comps won't match.

## One Catalog, Every Finish

Stone. Faucets. Fireplaces. Flooring. Hardware. We simplify your material sourcing.

## Lock In Pricing Per Project

Secure material costs at today's rate. No surprises. No markup creep.

## Text-to-Order Convenience

Skip the vendor portals. Just send us your finish schedule — we'll handle the rest.

# Behind the Brand.

## ZENAURA | HOME

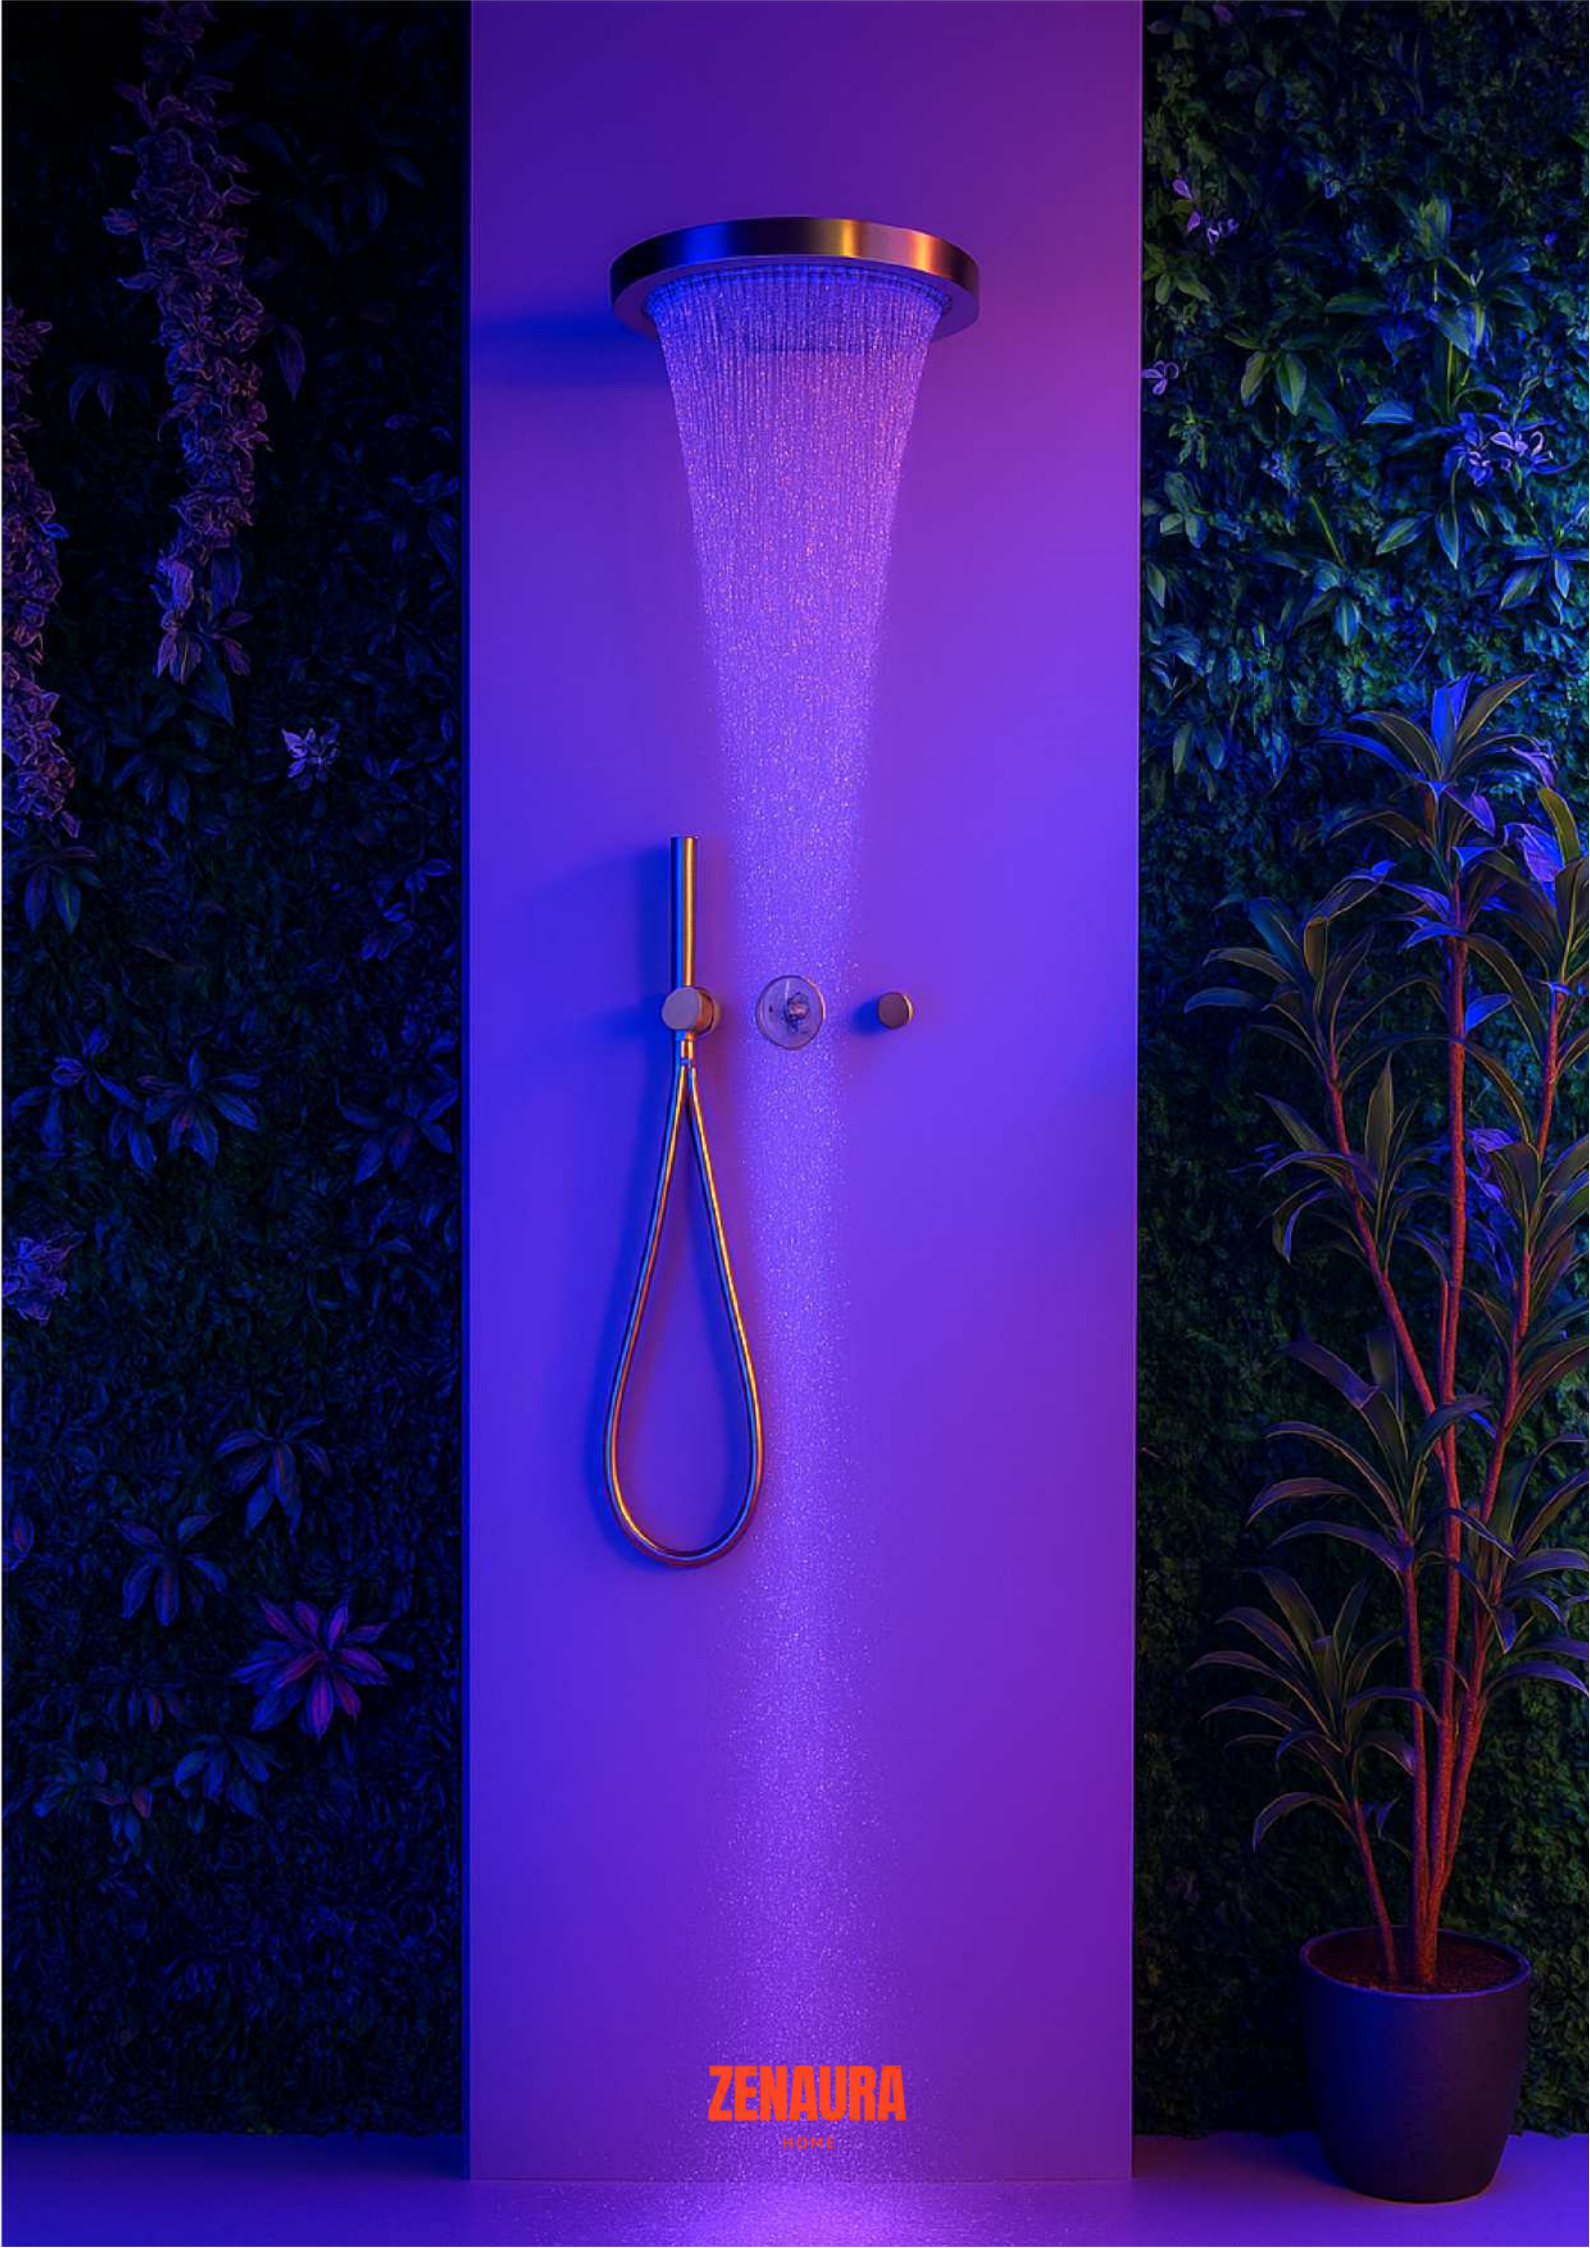

Birthing from a need for more than walls and windows

A curated destination for those who care about the details, who believe that design should speak louder than trends, and who refuse to blend in with the crowd.

We specialize in sourcing unique materials and custom finishes tailored to your project's vision—whether it's a rare stone, a specific fixture color, or a design detail that doesn't exist on the shelf, if you can dream it, we can create it.

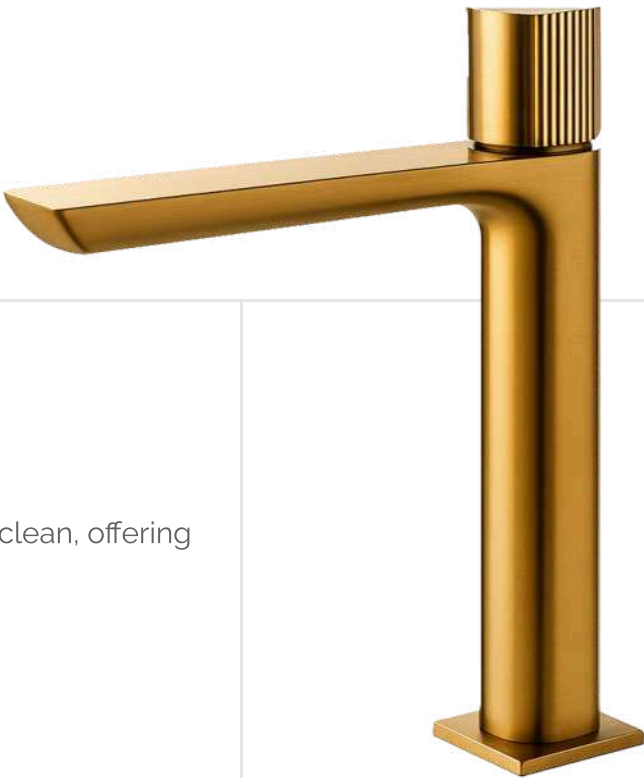

Our collection of modern, design-forward materials is built for creators who want their spaces to stand out. Sleek fixtures, bold stones, and statement pieces that leave an impression. We work with developers, designers, and builders who expect more. This is luxury without the ego. Design without compromise.
